Report of Superintendent of Schools

To the School Board of Grafton:

I present herewith my third annual report as Superintendent of schools in Grafton. It deals with survey of statistics, honor roll of attendance, organization and instruction, and health supervision and clinic service.

*School maintained twenty-five weeks.

†Excluding double registration.

For thesecond year in succession the East school leads in the percent of attendance and percent of promotion. It also holds this year the best record in the reduction of tardinesses per pupil.

The following class of five pupils was graduated from the eighth grade in June: Arleen Bennett, Rita Clough, Vaughn Dudley, John Hansen, Leon Sudrabin. Grafton has at present seven pupils attending an approved high school and entitled to tuition paid by the town.

Honor Roll of Perfect Attendance

36 WEEKS (ENTIRE YEAR) Elizabeth Gage, Jason Hines, Ethel Howe.

24 WEEKS: Albert Barney, Carroll Cole, Dorris Ferrin, Nina Jones, Leon Sudrabin.

12 WEEKS: Elwin Bennett, Winifred Bennett, Evelyn Chellis, Irene Chellis, Lucy Gray, Ona Gray, Stanley Kimball, Margaret Laro, Pauline Morse, Eleanor Seamans, Wilmer Seamaus.

Organization and Instruction

At the close of the school year Grafton lost two thoroughly efficient teachers, Miss Luca Barber, whose health did not permit her to continue work with the large mixed school at the East, and Mrs. Dorothy M. Bennett, who left the Depot school to complete her training for graded school work. The vacancy in the East school was filled by the election of a former teacher, Miss Gladys M. Cooper of Winthrop, Me. Miss Lula M. Hews of Ashland, Me., was elected teacher of the Depot school. Miss Hews is a 1926 graduate of the Aroostook State Normal School and previous to her election to a Grafton school had taught in her home town.

The Center and Number 4 schools are fortunate in retaining this year the services of Mrs. Theresa Atwood and Mrs. Ethel Haskins. The Number 4, or Height of Land school, which was opened tentatively, has at present eight pupils, four of whom live within two miles of the school.

This year in addition to instruction in grammar and composition, the foundation is being laid for a definite course in literature, both prose and poetry, that is designed to reach and appeal to the best interests and ideals of seventh and eighth grade girls and boys. Rightly presented by the teacher, this course encourages oral reading for expression, develops knowledge of and love for good literature, and gives the pupil going into senior high school from our rural schools a better opportunity to compete with the pupil of junior high school training.

The course in civics has been made of more immediate application by introducing in alternate years, in place of the study of more intricate constitutional forms of government, a simple study and comparison of small town and

community activities and problems of personally economic and civic interest. "Our Neighborhood-Good Citizenship in Rural Communities" is being used as a basal text.

Health Supervision and Clinic Service.

In completion of a three-months contract as school nurse, Miss Della V. Carr returned last spring to her duties in the four towns of this Union. Her activities in Grafton, during the four weeks beginning May 15th, included seven health instruction periods in schools, sixteen visits to homes of pupils, and two treatments given in school. Immediately after the close of schools in June Miss Carr accepted private duty and is no longer available for school nursing and health instruction.

Commencing the middle of October, Miss A. D. MacDonald was employed for two and one-half months in three towns of the Union including Grafton. Miss MacDonald is a graduate of the Margaret Pillsbury hospital in Concord and, previous to her school nursing, had been connected with the New London hospital. Her report of activities as school nurse in Grafton follows.

Number of visits to schools	22
Number of visits to homes	12
Number of pupils examined	64
Number of treatments given in school	2
Number of treatments given in home	1
Number of pupils accompanied to doctor	1
Number of treatments secured (Clinic)	19

Defects	Found and reported	Corrective treatments since last report
Malnutrition	22	8
Defective vision	11	4
Defective hearing	1	
Nervous disease	2	1
Skin disease	1	1

Defective teeth	45	19
Hypertrophied tonsils	26	2
Adenoids	14	2
Defects of breathing	3	
Enlarged glands	3	1
Other diseases or defects	2	1
Totals	<u>130</u>	<u>39</u>

Indicative of the results of systematic and professional health supervision and clinic work is the fact that with 20 per cent more pupils examined, the number of defects found this year is nearly 10 per cent less than last year. The number of corrective treatments has increased over 20 per cent.

Through the financial cooperation of the local Red Cross and the kindness of Mrs. Ada Kimball in opening her home as a clinic center, dental service at a much reduced cost was made available during the first week in December. The former clinic physician, Dr. G. Arthur Danforth of Manchester, was in charge of the work. The school nurse was in attendance. Her report is as follows.

Number of pupils given free dental examination	64
Total number of pupils treated	19
Number of fillings (amalgam)	23
Number of extractions	16
Number of cleanings	15
Received for dental examinations from Grafton School District	\$18 00
Received for dental treatments from pupils	19 00
Received for dental treatments from Red Cross	22 00
Total received	<u>\$59 00</u>
Paid Dr. G. Arthur Danforth	\$59 00

Respectfully submitted,
ALTA D. MACDONALD, R. N.
School Nurse.

I wish to particularly commend, as an asset to the health work, the hot lunch service conducted by the teacher and pupils with the cooperation of the community at the Center. I hope that another year similar service may be provided in the other schools.

Conclusion.

I use the words of J. Elmer Morgan, editor of "The Journal" of the National Education Association.

"Let us set the child in our midst as our greatest wealth and our most challenging responsibility. Let us exalt him above industry, above business, above politics, above all the petty and selfish things that weaken and destroy a people. Let us know that the race moves forward through its children and, by the grace of Almighty God, setting our faces toward the morning, dedicate ourselves anew to the service and welfare of childhood."

Respectfully submitted,

GEORGE H. HARMON,

Superintendent of Schools.
